

CitriClean

WATER BASED **1K**

Description:

A one component, water based, citrus infused, concentrated cleaning & degreasing agent.

Intended Uses:

CitriClean is a high-performance cleaning solution designed to remove dirt, grease, grime and residue from a variety of surfaces including EPDM, TPO, PVC, metal, concrete & previously painted surfaces.

A good solution for cleaning surfaces without the use of solvents. This product can be used for cleaning roofs, floors, machinery and equipment in commercial or industrial environments.

Features & Benefits:

- Powerful citrus-based formula.
- Promotes adhesion to the surface.
- Solvent free.
- Pleasant odour.
- Versatile use – suitable for professional & DIY use.

Certifications:

-

Technical Data:

Product Physical Form	Liquid
Density (Kg/ Lt @ 23°C)	TBC ± 0.05
PH	TBC ± 0.5
Theoretical Coverage	TBC – TBC m ² / Litre, allow for loss factors
Viscosity KU	Approx. TBC ± 10 KU
Method of Application	Low pressure hand pump sprayer
Cleaning Tools	Brush & scouring pads
Pack Size	5 & 20 Litre
Storage	Store out of direct sunlight in dry conditions between 10°C and 25°C
Shelf Life	12 months when stored as recommended in original un-opened containers

Important Information:

- Always consider a test patch to check suitability.
- Always consult with technical department if unsure.
- Test performance results were obtained in a controlled laboratory environment and Specialized Coating Systems makes no claim that the exhibited published test results, or any other tests, accurately represent results found in all field environments. As application, environmental and design factors can vary, due care should be exercised in the selection & verification of the performance and use of the coating.
- This product is not recommended for use on asphalt-based surfaces.
- When used for cleaning, take care not to use this product on glossy surfaces as it may dull the finish.

ARCHITECTURAL & DECORATIVE: CLEANERS

Whilst we endeavour to ensure that all advice we give about the product is correct, the information given in this data sheet is not intended to be exhaustive and any person using the product for any purpose other than that specifically recommended in this sheet without first obtaining written confirmation from us as to the suitability of the product for the intended purpose does so entirely at his own risk. As conditions of use, method of application and suitability of the substrate prior to painting are beyond our control, no guarantee is implied by the recommendations contained herein. We therefore do not accept any liability whatsoever or howsoever arising from the performance of this product or for any loss or damage arising out of the use of this product. The information contained in this sheet is liable to modification from time to time in the light of experience and ongoing product development programmes. It is the user's responsibility to ensure that this sheet is current prior to using the product

Application:

Application Tools	Low pressure hand pump sprayer	
Cleaning Tools	Brush & scouring pads	
Mixing Ratio (CitriClean: Water)	Light Duty Cleaning & Degreasing	TBC : TBC
	High Duty Cleaning & Degreasing	TBC : TBC
Theoretical Coverage	TBC – TBC m ² / Litre, allow for loss factors	
Application Method	Before application of CitriClean, any gross dirt & contamination should be removed by mechanical means or using a high-pressure cleaner/water blaster. It is recommended to first clean a small area to ensure compatibility. CitriClean can be applied using a low-pressure hand pump sprayer. Once applied the cleaner should be left to sit for about 5 minutes, then rinsed off using a high-pressure cleaner/water blaster. Please note that it is important that all residues are washed off properly before leaving to dry and starting your painting project. If required, and for very dirty surfaces; the use of scouring pads and brushes can be used to aid the cleaning process.	

Systems:

Consult with Specialized Coating System for application specific recommendations.

Safety Information:

- Refer to product SDS for health & safety prior to using products.
- Always wear safety clothing / protection. Eye protection and skin protection.
- Apply in well-ventilated areas.
