TAPE RANGE

PLASTITAPE® TEMPORARY REFLECTIVE TAPE

USES:

- Ideal for detours, roadworks, lane shifts & construction sites
- Strong adhesion with clean & easy removability (0–24 months)
- Suitable for asphalt, granular surfaces & temporary operations

COLOURS:

WHITE

SIZES:

100mm (wide) x 45m (long) x 0.9mm (thick)

PLASTITAPE® PERMANENT REFLECTIVE TAPE

USES:

- High-performance markings for roads & outdoor surfaces
- Excellent weather resistance, durability & retroreflectivity
- Suitable on asphalt, concrete, entrances & parking lots

COLOURS:

WHITE

SIZES:

100mm (wide) x 40m (long) x 1.5mm (thick)

PLASTITAPE® PERMANENT SMOOTH NON-REFLECTIVE TAPE

USES:

- Lasting indoor markings for warehouses, factories & estates
- Smooth, low-maintenance surface for easy cleaning
- Easy installation, suitable for light warehouse use

COLOURS:

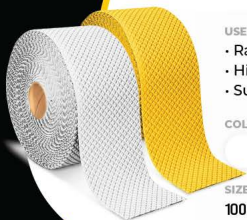

WHITE

YELLOW

SIZES:

100mm (wide) x 45m (long) x 1.3mm (thick)

PLASTITAPE® WET REFLECTIVE TAPE

USES:

- Raised 3D pattern delivers superior wet-night visibility
- High adhesion & exceptional durability for vehicle traffic
- Suitable on asphalt & concrete for roads, airports & high-risk areas

COLOURS:

WHITE

YELLOW

SIZES:

100mm (wide) x 30m (long) x 2.5mm (thick)

150mm (wide) x 30m (long) x 2.5mm (thick)

PLASTITAPE® PERMANENT ANTI-SLIP TAPE

USES:

- Anti-slip/stain surface for ramps, steps & indoor walkways
- High BPN grip rating for improved traction & safety
- Cleanable surface with long-term adhesion

COLOURS:

BLACK

YELLOW

SIZES:

50mm (wide) x 45m (long) x 1.3mm (thick)

PLASTITAPE® PERMANENT ANTI-STAIN (SMOOTH) TAPE

USES:

- Ideal for indoor pathways & facility hazard line markings
- Dirt-resistant polymer coated for clean, long-term visuals
- Easy installation with strong adhesion

COLOURS:

BLACK & YELLOW

WHITE & RED

SIZES:

50mm (wide) x 40m (long) x 1.3mm (thick)

DURABLE MARKINGS START WITH STRONG ADHESION.

Priming with **PLASTILINE® THERMOPLASTIC HIGH TACK PENERATION PRIMER** before application will penetrate & seal the surface, providing the necessary adhesion for optimal application and lasting markings.

APPLICATION EQUIPMENT

Fast, accurate tape marking with minimal operator effort & adjustable widths.

PLASTITAPE® ROAD MARKING TAPE TROLLEY

FEATURES

- Manual, ergonomic operation
- Adjustable line widths
- Ideal for small to medium projects

GRACO® TAPELAZER HP AUTOMATIC SERIES TRAFFIC TAPE APPLICATOR

FEATURES

- Automatic, high-volume operation
- Precise, straight lines
- Perfect for large roads & industrial sites
